MESSAGE FROM FOUNDER

We would like to take this opportunity to welcome you to Perth College of Business and Technology (PCBT) situated in a central location east of Perth's city centre. It is our staff's and trainers' expressed desire to provide you with the standard of training and support that will enable you to achieve your dreams in your chosen area of study. At PCBT we are here to serve you and to make your stay here in Perth as comfortable and enjoyable as possible while achieving your best outcomes in your study.

It is our aim here at PCBT to create an atmosphere of trust and understanding amongst a diverse group of students, and promote an environment of health and happiness to support your learning experience. We believe that trust and understanding are as important as achievement and recognition and we respect the differences that we all share and embrace the similarities we have in common. We believe that learning is more than an academic pursuit; it is the experience gained through the journey of life.

Kindest regards,

Ishtiaq Ahmed
Founder

MESSAGE FROM CEO

Welcome to Perth College of Business & Technology

We are truly delighted to welcome you to our community, whether you are joining us on campus or virtually. At Perth College of Business & Technology, you are not just a student—you are an integral part of our vibrant, diverse, and inclusive family.

Our dedicated faculty and staff are passionate about creating an environment where you feel supported, valued, and inspired. From the moment you step into our classrooms, engage in discussions, or connect with peers online, you will experience a community committed to your success and personal growth.

We understand that embarking on a new educational journey can be both exciting and challenging. That's why we are here to guide you every step of the way. Our faculty members bring not only their expertise but also their commitment to your academic and professional aspirations. Our staff are always ready to provide the resources and assistance you need to thrive, and your fellow students will be your collaborators, companions, and friends throughout this journey.

As you settle into your classes and begin to explore all that our college has to offer, remember that this is your time to dream big and aim high. Embrace the challenges, seize the opportunities, and make the most of every moment here. Engage in learning, build meaningful connections, and take advantage of the programs, events, and activities designed to enrich your experience.

Welcome once again, and here's to a bright and successful journey ahead!

ABOUT PCBT

**Perth College of
Business & Technology**

Perth College of Business & Technology (PCBT) is one of the Nationally Recognised and Registered Hospitality, Construction, Management & Business Training providers, located in the heart of the City of Perth. International and Australian students have the opportunity to be trained and experienced in a real Industry Placement. We have a strong relationship with several 5-Star Hotels within Perth CBD & greater metropolitan area.

OUR MISSION: Providing high quality training in business, management and hospitality for international and local students by developing employability skills and knowledge through conducting effective classroom sessions, implementing industry exposure and awareness activities and providing industry placement opportunities for our trainees to be able to meet industry needs and standards.

OUR VISION: To be the most preferred registered training organisation in Perth which provides quality vocational education and training for international and local students.

Fast growing Tourism Hospitality industry could not satisfy its demand in 2008, when PCBT was founded to provide skills to workers; training and upskilling workforce.

PERTH WA

With a well-educated work force and a favorable business climate, Perth provides the perfect learning environment for students wanting a balanced work/study lifestyle.

Perth, the capital of Western Australia, is a modern western style city with a population a little over one and a half million people, which prides itself on extending a warm and friendly welcome to visitors and students from all over the world. Getting up close and personal with whales to tasting some of the best wine produced anywhere in the world it's all here in Western Australia.

Visit natural wonders the Pinnacles and The Bungle Ranges known to be 350 thousand years old or dive on the beautiful World Heritage listed Ningaloo Reef. Astonishing scenery and magnificent white sandy beach and the vast array of Australian animals from crocodiles to kangaroos are unforgettable experiences that you will admire.

BENEFITS OF STUDYING IN AUSTRALIA

Australia is one of the most English-speaking countries, located closest to Asia.

The geographical location of Australia is relatively close to tropical climate conditions.

A modern country that has all gorgeous sights and sceneries.

Multi-cultural society.

Student with Graduate Stream Visa (485 visa) is entitled to 18-month full work right.

Stable social and economic conditions.

The quality of education is high and internationally recognised.

Comfortable and secure living and learning environment.

International students receive special protection in Australia (from ESOS Act), which guarantees the quality assurance and international reputation from every educational institution in Australia delivering courses to international students. This protection applies to all sectors of education and training in Australia.

The student can work 40 hours per fortnight (every two weeks, average 20 hours per week).

My experience so far is one of pride that I have been able to be apart of Perth college of business and technology , the most student oriented college and getting skilled in internationally recognised course. The dedication and hard work that has been put into my two years so far has allowed me to succeed in many ways, as well as increasing my self- development skills. This college is a great place to learn and grow."

STUDY AT PCBT

NATIONALLY RECOGNISED QUALIFICATION

Perth College of Business & Technology (PCBT) is the Registered Training Organisation (RTO) and the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) provider offering Hospitality Management, Commercial Cookery, Construction & Building, Leadership & Management, Business and English language courses, located in the heart of the City of Perth. Internationally recognised qualifications at PCBT means employment opportunities everywhere in the world.

HANDS-ON TRAINING MEAN EMPLOYABLE

International and Australian students have the opportunity to be trained and experienced in a real Industry Placement. We have a strong relationship with several 5-Star Hotels/Construction companies within Perth CBD & greater metropolitan area. The skills you'll need for the career you want! As a VET student, you'll be trained in real workplace situations, taught by industry professionals.

PERTH, REGIONAL POINTS

Perth is categorised by the DHA as a regional study destination to secure additional points. Perth is affordable. Perth, unlike Sydney and Melbourne, is more relaxed and you can experience the real Australian lifestyle. Perth managed COVID-19 pandemic safer than others.

MAJORITY INTERNATIONAL STUDENTS

PCBT is a college of over 95% international students from about 45 different nationalities. More people like you as an international student. Most of staff are also migrants.

2-3 DAYS STUDY PER WEEK

Classes run on 2-3 days a week (20 hours a week study). 4-5 days a week free for your life adventures.

MORE AFFORDABLE PCBT

Greatly discounted fees, paid in installments, a minimum deposit for you to focus on more important things.

LOWER ENTRY REQUIREMENTS

Lower English and Academic requirements to enrol at PCBT make your move to tertiary education easier and faster. All students at PCBT must be above 18-year at the commencement of their courses.

ELICOS - CRICOS CODE 098010K

GENERAL ENGLISH (BEGINNER TO INTERMEDIATE)

Our General English (Elementary-Intermediate) course will help you develop language skills for real life situations – like speaking and conversation. We will help you develop the confidence to live, travel or work in Australia. You will graduate with real-world English skills you can use anywhere.

COURSE DURATION

This course is being delivered over 10-weeks study for each level. There are two levels for General English (Pre-Intermediate and Intermediate).

Students must participate in training and assessment for a minimum of twenty (20) hours a week face to face. This is being conducted over three (3) days per week.

COURSE FEE

Tuition Fees: \$2,725 per term (\$100 material fees) and \$250 enrolment fees.

PATHWAYS INTO THE QUALIFICATION

You may enter the qualification through a number of entry points.

If you have not taken an IELTS, PTE, TO-EFL,.... we will conduct a PCBT English test if you are not exempted for entry to this course.

PATHWAYS FROM THE QUALIFICATION

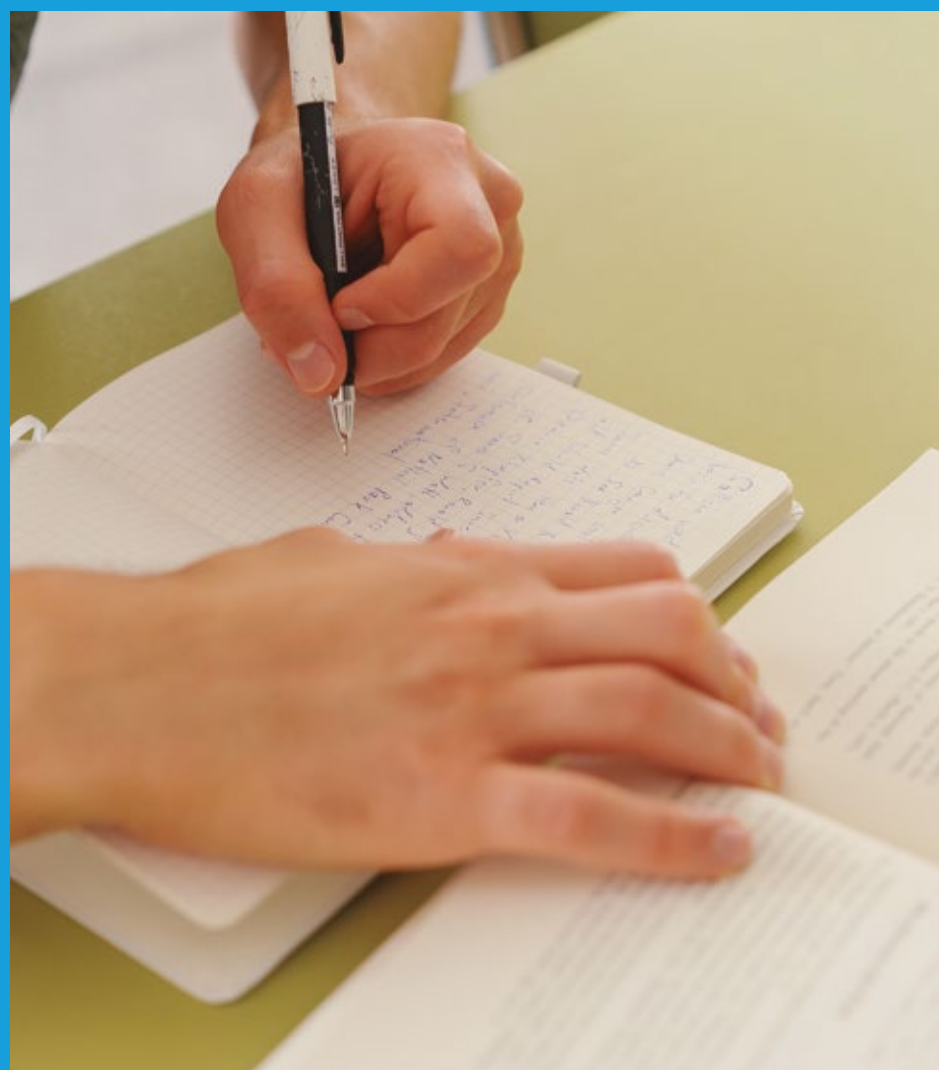

This qualification is designed for those wanting to enter into a Vocational Education and Training course such as a Certificate III or IV. You must have minimum year 11 high school certificate if willing to proceed to Certificate level courses at PCBT or elsewhere.

CAREER OPPORTUNITIES

This qualification allows you to explore your educational and employment opportunities while gaining an insight into industry requirements

STUDY & ASSESSMENT MODE

This course is delivered on face-to-face classroom based. Assessments are through observation, written and verbal tests, projects, portfolios and case studies. PCBT provides a range of support for students. We have great facilities with a student recreation area, library and computer lab. The course includes a range of incursions and excursions linked to curriculum where students can practice their skills in the real world. Additionally, the school has a range of support staff including teachers, multilingual student support officers, counselling and academic leadership from the English Academic Manager and Principal.

Units Of Competencies

Each level is designed to be studied over 14 weeks, two five-week terms and two study breaks. Each level (Elementary, Pre-Intermediate, and Intermediate) cover a range of areas including writing, listening, speaking and reading.

Each week will compose three days study from 8:30am to 4:40pm. Activities may include: Skills extension (Listening, speaking, reading and writing) Core learning (tutorials, formative activities) Incursions and excursions Portfolio development Unit tests, progress tests and reviews.

Assessment will occur weekly to ensure that you are progressing in your English development. Summative assessments will take place at the end of each term to mark your progress.

CPC31320 CERTIFICATE III IN WALL AND FLOOR TILING

Course National Code: CPC31320 - Course CRICOS Code: 103801K

**WE SUPPORT OUR
WALL & FLOOR TILING
STUDENTS TO GET REQUIRED
INDUSTRY PLACEMENT FOR
THIS COURSE.**

This qualification provides a trade outcome in wall and floor tiling for residential and commercial construction work. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as the specialist field of work, wall and floor tiling. Tilers work with materials like ceramic, glass, slate, marble and clay. They cut these materials and lay tiles on walls and floors, both interior and exterior. They may also add decorative touches to their basic work.

Do you enjoy working with your hands? Do you like job diversity? Are you looking for a career where you can combine arts and the trades? Then the Certificate III in Wall and Floor Tiling is for you!

This qualification offers a wonderful introduction to the growing WA construction industry, providing a range of basic construction skills as well as wall and floor tiling and advanced skills such as Mosaic and tiling curved surfaces. This qualification provides the skills for students to work as a sole trader in the construction, industrial and domestic markets.

COURSE DURATION

This course is delivered over 104 weeks in eight ten-week terms up to 22 weeks of holidays depending on commencement date. Classes are scheduled for 20 hours per week, two days per week plus 4 hours of scheduled study. Additionally, from Term 3 you will undertake work experience in the industry.

COURSE FEE

For a limited time:

Tuition Fees: AU\$ 21,500

Material Fees: AU\$ 4,900

AU\$26,400 total tuition and material fees payable in 8-installments in 2-year

*Please note prices may vary if Recognition of Prior Learning or Credit Transfer is approved, please refer to our website for more details.

CAREER OPPORTUNITIES

This qualification provides a pathway to work as a tiler in general construction or as a sole trader.

Occupational titles may include:

- Tiler
- Wall and Floor tiler.

PATHWAYS FROM THE QUALIFICATION

Students who successfully complete the Certificate III may go on to complete further study in a range of Certificate IV qualifications such as the Certificate IV in Building and Construction various streams; Building; Site Management; Specialist Trades or Trade Contracting.

INDUSTRY PLACEMENT.

You must be physically fit to take this course.

PCBT will Support Wall and Floor Tiling Students in Finding Work Placements in terms 3-8 (a maximum of 360 hours will be the industry placement component where 200 hours will be the minimum benchmark to fulfil as an integral part of the qualification). Note: Students must abide by PCBT Code of Conduct).

Work placements are organised by PCBT College. Host work placement facilities are fully briefed by PCBT's qualified tiling trainer on the supervision and support requirements when hosting our student.

Units Of Competencies

To achieve full certification, candidates must complete 19 units of competency:

PCBT runs a registered trade centre in West Perth. At this centre, candidates are trained in Wall & Floor Tiling. All training and assessments, required for the qualification, are carried out on-site in our workshop.

Core units

CPCCOM2001	Read and interpret plans and specifications
CPCCCM2006	Apply basic levelling procedures
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1013	Plan and organise work
CPCCOM1014	Conduct workplace communication
CPCCOM1015	Carry out measurements and calculations
CPCCWF2001*	Handle wall and floor tiling materials
CPCCWF2002*	Use wall and floor tiling tools and equipment
CPCCWF3001*	Prepare surfaces for tiling application
CPCCWF3002*	Install floor tiles
CPCCWF3003*	Install wall tiles
CPCCWF3004*	Repair wall and floor tiling
CPCCWF3005*	Install decorative tiling
CPCCWF3006*	Install mosaic tiling
CPCCWF3007*	Tile curved surfaces
CPCCWF3009*	Apply waterproofing for wall and floor tiling
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry

Elective units

CPCCCM2009*	Carry out basic demolition
CPCCCO2013*	Carry out concreting to simple forms
CPCCSP2002	Use solid plastering tools and equipment

Tiling students in their term 8 will have guaranteed 200 hours of IP experience organised by PCBT in one of the Building or Tiling companies include Podium Group in Perth. Students are usually paid by Podium Group whenever the opportunity arises. We can also assist students to get additional 160 hours of work placements (unpaid and/or paid) if they need for their graduate visa. However, most PCBT students find it easy to find work placement by themselves, and it's paid. Note that this is not guaranteed to be applicable to all students, so every student's capacity is different.

STUDY & ASSESSMENT MODE

This course is delivered in a combination of theory and practical sessions. All practical sessions are conducted in a fully equipped trade training centre where students will have access to all relevant equipment and a chance to practice all the techniques as required by the training package. From term 3, students will also participate in 200 hours of workplace experience to ensure that skills are demonstrated in an industry context to industry standard; PCBT assessors will visit student worksites to observe skills in action. PCBT supports students with industry placements for its students to enhance skills and further employment opportunities, however, students are expected to work with PCBT to organise their placements. Assessment is competency based and is generally through questioning, project and practical demonstrations.

CPC31020 CERTIFICATE III IN

SOLID PLASTERING

Course National Code: CPC31020 Course CRICOS Code: 103814E

This qualification provides a trade outcome in solid plastering in the residential and commercial construction industry. The qualification has core unit of competency requirements that cover common skills for the construction industry, as well as a specialist field of work. The construction industry strongly affirms that training and assessment leading to recognition of skills must be undertaken in a real or very closely simulated workplace environment and this qualification requires all units of competency to be delivered in this context. Completion of the general induction training program specified by the National Code of Practice for Induction Training for Construction Work (ASCC 2007) is required before entering a construction work site. Achievement of unit CPCCOHS1001A covers this requirement.

COURSE DURATION

This course is delivered over 104 weeks in eight ten-week terms up to 22 weeks of holidays depending on commencement date. Classes are scheduled for 20 hours per week, two days per week plus 4 hours of scheduled study.

COURSE FEE

For a limited time:

Tuition Fees: AU\$ 20,500

Material Fees: AU\$ 4,900

No enrolment fees (\$250) for a limited time.

Please see more available scholarships.

*Please note prices may vary if Recognition of Prior Learning or Credit Transfer is approved, please refer to our website for more details.

CAREER OPPORTUNITIES

This qualification provides a pathway to work as a plasterer in general construction or as a sole trader. Possible job title includes:

· Solid Plasterer.

PATHWAYS FROM THE QUALIFICATION

Students who successfully complete the Certificate III may go on to complete further study in a range of Certificate IV qualifications such as the Certificate IV in Building and Construction various streams; Building; Site Management; Specialist Trades or Trade Contracting.

INDUSTRY PLACEMENT.

You must be physically fit to take this course.

PCBT will Support Certificate III in Solid Plastering – CPC31020 Students in Finding Work Placements to Complete 360 Hours in terms 3-8 (Note: Students must abide by PCBT Code of Conduct).

Work placements are organised by PCBT College. Host work placement facilities are fully briefed by PCBT's qualified tiling trainer on the supervision and support requirements when hosting our student.

**WE SUPPORT OUR
SOLID PLASTERING - CPC31020 STUDENTS
TO GET 360 HOURS OF INDUSTRY PLACEMENT.**

Units Of Competencies

To be able to achieve this qualification, students must successfully complete the following units:

Core units

CPCCOM2001	Read and interpret plans and specifications
CPCCOM2006	Apply basic levelling procedures
CPCCOM2008*	Erect and dismantle restricted height scaffolding
CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1013	Plan and organise work
CPCCOM1014	Conduct workplace communication
CPCCOM1015	Carry out measurements and calculations
CPCCS2001*	Handle solid plastering materials
CPCCS2002*	Use solid plastering tools and equipment
CPCCS2003*	Prepare surfaces for plastering
CPCCS3001*	Apply float and render to straight and curved surfaces
CPCCS3002*	Apply set coats
CPCCS3003*	Apply trowelled texture coat finishes
CPCCS3004*	Restore and renovate solid plasterwork
CPCCWHS2001	Apply WHS requirements, policies and procedures in the construction industry

Electives units

Assessment is competency based and is generally through questioning, project and practical demonstrations.

RII60520 ADVANCED DIPLOMA OF

CIVIL CONSTRUCTION DESIGN

Course National Code: RII60520 - Course CRICOS Code: 108435J

Wanting to Become a Civil Construction Designer? Study Advanced Diploma of Civil Construction Design – RII60520.

This qualification reflects the role of an individual working as a senior civil works designer or a para-professional designer, who supports professional engineers. They perform tasks that are broad, specialised, complex and technical and include strategic areas and initiating activities. They are responsible for the design of complex projects to ensure the implementation of the client's site requirements and are required to demonstrate self-directed application of theoretical and technical knowledge and initiate solutions to technical problems or management requirements.

COURSE DURATION

This qualification will be delivered over 104 weeks, including 80 weeks of training and assessment spread over 8 terms of 10 weeks each and 24 weeks of holidays.

COURSE FEE

Tuition Fee: \$23,500(AUD) inclusive of all learning materials. * Please also note prices may vary if Credit Transfer are approved.

CAREER OPPORTUNITIES

This course provides you with the opportunity to be employed in the following job roles:

- Senior Civil Construction Designer
- Civil Construction Supervisor
- Civil Design Draftsperson

STUDY & ASSESSMENT MODE

This course is delivered on face-to-face class-room based. Various structured activities and industry excursions are included to provide opportunity to explore the real business world. Assessment is competency based.

A face-to-face training, as well as distance mode is employed for this qualification and all classroom-based training will take place at the Perth College of Business and Technology.

The structured self-study component of this course amounts to 4 hours a week. Students are provided with access to self-study guide for completion of a range of activities. The estimated time to complete activities is documented in the guide for each unit. This is a mandatory component of a student's study and student's attendance, and participation will be monitored.

Units of competency are delivered individually.

Students will be provided their learning and assessment materials that they will use to develop their knowledge and understanding. All students will be provided with a range of learning support options and resources to help them achieve competency.

Students can also be supported outside of face to face through e-mail and telephone contact with their trainer. Students are provided with their trainer's contact details at their orientation. Students are encouraged to contact their trainer at any time and trainers will liaise with students regarding their progress and provide advice as required, including any relevant course content and concepts, learning opportunities, assessment requirements, feedback on assessments and any issues the student is experiencing.

Perth College of Business and Technology uses a range of techniques during face-to-face delivery including trainer presentations and demonstrations, individual tasks, case studies, research, role plays, practical demonstrations, and group work. The context of the simulated workplace environment will be incorporated into delivery methodologies and students will complete tasks to appropriate workplace standards.

PATHWAYS INTO THE QUALIFICATION

You may enter the qualification through a number of entry points.

Or If you have previously completed a unit/units, you may be eligible for a credit transfer. You will need to complete a credit transfer application form, and provide a certified copy of the transcript of statement of attainment. There is a fee for this process. Applications for credit transfer must be made prior to the commencement of the course.

PATHWAYS FROM THE QUALIFICATION

Students who complete this course may wish to continue their education into a range a range of Graduate Diploma qualifications, as well as higher education qualifications in Civil Construction or Bachelor of Engineering (Civil).

TARGET GROUP STUDENTS

Target groups for the RII60520 Advanced Diploma of Civil Construction Design are international students who are:

- Seeking to pursue a career in civil construction design
- Seeking to enter a new industry sector
- Seeking a pathway to higher-level qualifications.

**UPON GRADUATION,
YOU MAY PURSUE
STUDY BACHELOR
DEGREES IN PERTH
OR OTHER CITIES OF
AUSTRALIA.**
